

**Product:** TPU Coated Acoustic Foam

**Product Code:** FV-Acoustics-TPUF

We offer **Acoustic Coated Flexible Polyurethane foams** serving wide industrial applications. These coating faced foams enhance product appearance and increase its lifespan. Our foam coatings meet a broad range of sound absorption & insulation applications. Our coatings stop contamination of the foam & are easy to wipe clean. Coated surface plays as a resistant to penetration of oil, gasoline, diesel, water, hydraulic oil, therefore, consider best for a wide range in industrial applications.

Please note with the help of our Research & Development (R&D) team we can also explore the development of new coating as per specific industrial application requirements.

#### Advantages

- It enhances product appearance and increases its lifespan.
- Our recently developed black coating works as resistant to penetration of by oil, gasoline, diesel, water, and hydraulic oil Chemical, Dirt and Moisture resistance.

#### Specifications

**Foam Density:** Any required (Common: 28 to 40 FR grades flexible foam)

**Coating Thickness:** Vary application to application

**Size:** Any Required

**Supply Ability:** No Constraint

**Packaging:** A set of sheets in a Black LDPE sheet than in an HDPE bag

**Delivery:** Within 8 days once the order is confirmed.

#### Application

Absorption of sound energy therefore used in Sound Insulating Cabins, Vehicle Cabs, Mechanical Engineering, Partition Walls, Electrical Apparatus Construction, Enclosures etc.

Acoustic Coated Foam Sheets

Acoustic Foam for Engine Generators

Quality TPU Coating

#### About Foam Villa

Foam Villa, aspires to be the global epicenter for the Poly Urethane Foam industry along with its exhaustive list of associated chattels. Strengthened by a strong global network of PU Foam & allied Industry professionals, manufacturers, consultants, suppliers, and a dynamic team; the organization provides end-to-end solutions across every aspect of the business.

#### Why Foam Villa

- Expert Consultancy
- Global Tie-ups
- Competitive Pricing
- Quality Products & Services
- On-Time Delivery
- Business Transparency
