

Foam Villa

Coirs

Product: Coir Foam Sandwich Pads
Product Code: FV-Coirs-CFS

At Foam Villa, we offer **Coir, Foam Sandwich pads** processed using a blend of rubberized coir, and PU foam layer combinations to meet specific comfort requirements.

Few Combinations:

Coir Pads + Rebounded Foams: Coir Layer at one side and Rebounded Foam Layer at the other.

Soft Foam + Rebounded Foam + Coir Pads: A layer of Soft Foam at one side, coir on the other with rebounded foam as the center layer.

Coir Foam + Soft Foam: One side Coir Pads for back support and another side Soft Foam for better cushioning.

Coir Foam + Rebounded Foam + Memory Foam: A layer of Memory Foam at one side, Coir on the other with rebounded foam as the center layer.

Note: The foam, coir combinations & thickness vary as per specific customer and market requirements.

Advantages

- A. Offer quality dual comfort & support
- B. Multi-layer combinations make it more durable and comfortable.
- C. Flexible & strong.
